Eco Schools – Cut Your Carbon event

Eco-Schools is once again inviting all schools, colleges, and nurseries to join their free carbon-cutting campaign, running throughout November. Last year, young people completed over 200,000 carbon-saving actions. This year, they're aiming even higher!

Throughout November, encourage young people to complete as many of the six carbon-cutting challenges as they can. At the end of the campaign, log back into your Cut Your Carbon account to submit your results, view your estimated carbon savings, and be automatically entered into a prize draw to win an incredible mural for your school.

Register now on their website to take part: <https://www.eco-schools.org.uk/cut-your-carbon/>

Carbon Literacy Project training

We have been using the Carbon Literacy Project for the last 5 years to raise awareness of the climate emergency, as a way of accrediting school staff to become Carbon Literate.
