Officer
Christian.Smaditch@leicester.gov.uk

Chris Hamilton Change Manager
(Climate Change Operations)
Christopher.Hamilton@leicester.gov.uk

Dan Fyffe Quantity Surveyor
Daniel.Fyffe@leicester.gov.uk

LED Lighting Works

We have recently been in touch with some project sites that are due to have LED lighting installed to replace existing lighting as part of the Salix programme. The Salix Project Team are in the process of arranging works pre-start meetings between these sites and the City Council's LED contractors, Energy Saving Lighting (ESL). Provisional dates and times for these meetings have been emailed to site representatives. If you have received this email as a site representative and have not yet responded, please confirm if the allocated date and time is suitable for you as soon as possible. A further email will be sent for other sites that have installations by Lowes.

Site Surveys

Over the last few weeks, a number of independent site surveys have been carried out at schools and council-owned buildings. Surveys are now nearing completion, with the remaining few taking place next week.

Montrose School

Pork Pie Library

St Barnabas Library

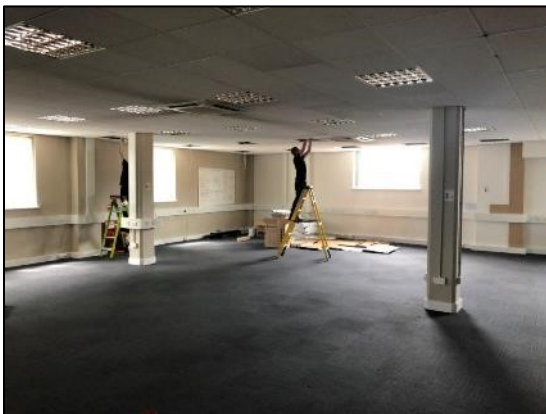

Wolsey House Primary School

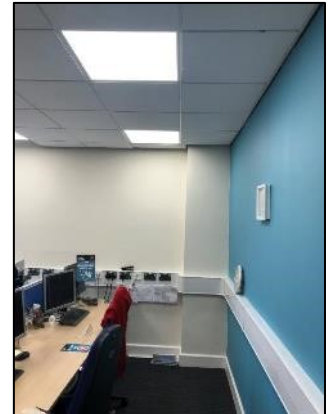

Shenton Primary School

Works Carried Out

Works took place last week to replace existing lighting at York House (city centre) with new energy efficient LED lighting.

Work in progress

Lighting before, and lighting after works complete

Contact Us

Each site has a dedicated project manager (Alan Evans or John Squires), however if you have a general question or need to get in touch with the Salix Project Team email us at Salix.Project.Team@leicester.gov.uk
