

# Carbon Literacy Training for School Staff, Governors & Trustees

In February 2019, Leicester City Council declared a climate emergency. We are working to develop a climate emergency programme of action to reduce carbon with the aim of the city becoming zero carbon.

In order to raise awareness of the climate emergency, we are using the Carbon Literacy Project as a way of accrediting school staff in becoming Carbon Literate. By 2025, the DfE have said that each school will have a sustainability lead who will have taken part in Carbon Literacy Training. By joining us, you will help put your school ahead of the rest!
